

**Got Me Home** - WORDS & MUSIC WILLY CAID

Lost in The City  
Try to play it cool  
Take it easy  
If you feel you're in a hurry  
If you feel sad or lonely  
Now you Got Me Home

Fly or Dance with Me  
Lively Up yourself  
We got a Lot to see  
Wash away your tears and sorrow  
Live today for better tomorrows  
Now you Got Me Home

Another empty space in your Heart  
Help Me feel it  
Another empty space in your Soul  
Help Me feel it  
But Can I Trust You?  
I nearly feel Like I was Blind  
Where Can I Find You  
I Wanna Feel You Close to mine

Share with me your thought  
Your dreams your fears your melody  
I can keep a secret  
You know you can talk to me  
I won't hurt you  
Even gonna judge you  
Now you GOt Me Home
