

**LIL' DARLIN'** - WORDS & MUSIC WILLY CAID

REFRAIN

Most of the Time  
I Feel Good when you're smilin'  
I Feel lost when you're not here  
You're my Sweet little darlin'

I'm lovin' the way  
You takin' care of ourselves  
I'm blessin' the day  
You help me to find myself

You showed me the way  
And took me just as i am  
Yeah we're not the same  
I don't wanna be someone else

REFRAIN

My No Cloudy Day (MY GIRL)  
I like when look behind with a smile on your face  
'Cause I feel the same  
I don't wanna be someone else

BRIGE

I like when you sleep at night  
And you whisper my name  
'cause in your arms  
It's your warmth that I get  
And I long for the day when you & I  
Will be a one little girl or little man  
That day will come
