

A Way Out

You don't know who i am
But you think that we're not the same
You don't even know my name
Do You Think that we're not the same

And If you could understand
Why i had to leave my own land
i can't help thinkin' of what they've done
All this blood and those bombs around

REFRAIN

A way out
A way how
A way to start all over again
A way out
A way how
Brother Hold my hand

I do my best to stay strong
'cos' Tomorrow we'll cross another sea, for another land
And Peace is what i'm looking for
i need to say goodbye before

REFRAIN

PONT

Why dreams have to fade away ?
i don't understand
Why Do we have to go away ?
It's not the end (but i cannot believe it)

REFRAIN x2

You don't know who i am
Also maybe we're just the same
