

When You Look At Me

I've been waitin' for a love like this all my life
I've been waitin' for you girl for so long
And this moment when you think it could never be right
You remind me that i will never be alone

My mornings have never been so bright
A simple kiss now nothin' can go wrong
You've changed my days now i just feel alive
'Cause With you by my side you make me feel so strong

I can't help but fallin' in love
When you look at me darlin'
I can't help but fallin' in love
When you look at me

Wait a minute i take my time so you can understand
I was a boy when i met you
Now i grew up as a man
Even in my foolish dreams No it can' t be true
To fall in love again
I've fallen in love with you

My mornings have never been so bright
A simple kiss now nothin' can go wrong
You've changed my days now i just feel alive
With you by my side you make me feel so strong

I can't help but fallin' in love
When you look at me

I can't help but fallin' when i thinkin' about you
I would never have thought to meet someone like you
You're all that i want You're all that i need
I can't help myself
(Help but fallin' in love)
When you look at me, When you look at me Girl
Fall in love, fall in love with you
When you look at me
