Have you ever loved like Lovers do ?
Have you ever been loved back too?

I found the girl i've been dreamin' (of)
We met when we thirteen
Sweet child o mine
I swear we'll be fine
Now i can see but
Before i was blind

REFRAIN

I travel the world
I found a Home
Without You i'm nothin'
I found my Home
Trust Me and Take my hand
I promise to be your man
And we build a House
That we can call Home
Together

Have you ever felt like this before ?
Have you ever wanted nothin' more ?

When i am close to her i burn
She sets my heart on fire
Our bodies warm
As They are one
We're just two lovers
Who don't need to hide
