

## Rock My Soul

### VERSE 1 & 2

Tell me how you do it  
'Cause now i feel Alive  
You slip under the bed sheets  
Like gettin' under my skin  
i love to feel your body next to mine

You whisper to my ears you wanna me to get Inside  
We're no longer two bodies  
As we breathin' as one  
...i love you on top of me

### PRE CHORUS

Babe the things i wanna do to you  
Nobody has to know (alright)  
You want me too slow down  
Got my feelings too high  
Make it last One more night

### REFRAIN

You Rock My Soul baby you're mine  
You Rock My Soul You make me feel alive  
til i hold the line  
til i hold the line?  
You Rock My Soul  
i love Girl what you doin' to me

You Rock My Soul baby you're mine  
i'm losin' control You make me feel alive  
til i hold the line  
Will i hold the line?  
You Rock My Soul  
i love Girl what you doin' to me now

### VERSE 3&4

Tell me how to do it  
Just to make it last One more night  
To synchronize the heart beat  
You got me right at your feet  
'cause i love to feel your body next to mine

...

You whisper to my ears you wanna me to get Inside  
We're no longer two bodies  
As we breathin' as one  
...i love it when you're on top of me

### BRIDGE

Tell me how you want it. // Tell me how to do it  
i will fulfill all your desires

On the edge of paradise
