

## Empty Room

Cry Out  
Goodbye is not a Hello  
My arms around to keep your  
Heart & Dreams  
They All have been left behind

Smile Now ?  
Quiet night so peacefull  
I would lit the sky for you tonight  
But yesterday's gone

Tomorrow i'll be staring at the stars, without you  
Tomorrow i'll be lookin' for your eyes

Stop this feelin'  
Your perfume on the pillow  
Empty Room  
When nights turn cold  
I don't wanna sleep alone  
No, I don't wanna live alone

Smile ? i've tried  
To fight this bitter anger that is pulling me down  
Here but now  
I'm here  
You're not

Tomorrow i'll be staring at the stars, without you  
Tomorrow i'll be lookin' for your eyes  
Tomorrow i'll be staring at the stars, without you  
Tomorrow i'll be lookin' for you eyes

OUTRO  
Stop this feelin'  
Your perfume on the pillow  
Empty Room  
But now  
I'm here  
You're not
